LOVE HIS TYPE?
STUDY HIS PEDIGREE!

From five decades of our family’s historic Montebello Morgan Farm comes a stallion who, in conformation, temperament, way of going, and pedigree, reflects the breed’s standard of perfection. He is purposefully bred to carry these traits forward.

“Jag” is a homozygous black son of Immortal Command. He is out of Montbelle Eve, a daughter of Waseeka’s Skylark and a granddaughter of Tas-Tee’s Firefly. These lines produced some of the most renowned champions of their day (Montbelle Trophy, Montbelle Rosalie, Montbelle Skywalker, Heart To Heart, and more) in park saddle, park harness, English pleasure, and in-hand classes across the United States.

Let a breeding to Montbelle Ever In Command be the link from his historic lineage to your foal’s preeminent future. Take the guesswork out of breeding—Jag makes it simple.
